FatPipe Networks Ranked in the Top Quarter of Utah's 100 Fastest Growing Companies

FatPipe ranks number 23 of MountainWest Capital Networks' Yearly Utah 100

by Via Press Release, 11/2/2005 3:23:33 PM MST

FatPipe Networks, the inventor and patents holder of router clustering devices for reliable, redundant and fast Internet/WAN connections, today announced it was ranked 23rd of MountainWest Venture Group's 2005 Utah 100 Fastest Growing Companies out of Utah's 11,000 companies.

Titled "Harnessing the Power," the eleventh annual Utah 100 Awards honored the top 100 companies in Utah, choosing them from thousands of applications vying for a spot. Companies were ranked based on sales growth over a five-year period from 2000-2004.

This is the third consecutive year FatPipe has ranked within the top 25 fastest growing companies in the state, ranking

17th in 2003, and 6th in 2004.

Fatpipe was also ranked the 189th fastest growing private company in the United States by Inc Magazine's, Inc. 500, in 2004).

"Landing within the top 25 fastest growing companies for a third year in a row is an honor and testament to FatPipe's world-class products and organization," said Ragula Bhaskar, Ph.D., CEO and President of FatPipe Networks. "I believe it also speaks to our ability to consistently provide the world's best WAN optimization solutions to our customers, supported by a top-notch staff," he concluded.
